Art Unit: 1714

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 at lines 1 and 2 recites "comprising" twice. This language implies that the nonpolar compound or nonionic surfactant is the specified block copolymer. This is not, apparently, what applicant intends.

Claims 18-20 and 22-23 recite an "effective amount" but fail to make clear what the effect to be achieved is

Appropriate clarification is required.
